

Reduction in Freight on Livestock By 25 Per Cent

Premiers Talk of Conference Disarmament

Question of Dominion Representation Was Discussed in London

ANTIPODES WANT A SAY
Canada's Policy Is Practically Identical with United States

LONDON, July 19.—It is announced as provisionally arranged that Mr. Lloyd George will attend the Washington conference on limitation of armaments.

LONDON, July 19.—(Associated Press.)—The premier of the over-seas dominions met together today for the first time since President Wilson's invitation to the conference at Washington, and discussed the question of dominion representation at such a conference.

Washington's Opinion
The premier of the over-seas dominions met together today for the first time since President Wilson's invitation to the conference at Washington, and discussed the question of dominion representation at such a conference.

At the preliminary negotiations which are being held at the beginning of the conference, it is expected that the dominions will be represented by plenipotentiaries.

One of the principal issues at the conference will be the question of the representation of the dominions in the conference.

Announcement of Reduction Is Looked For Within a Week; Formal Order From Board of Commissioners Not Needed

OTTAWA, July 19.—An important reduction in livestock railway rates on all Canadian lines is assured as the result of a conference held here today between representatives of the livestock industry and the railways. A basic 25 per cent. decrease is probable. In view of the sympathetic attitude of the railway companies, it was felt that in order of the railway commission would be unnecessary. The railways will submit their offer to the board within a week.

W. B. Langton, appearing for the Canadian Pacific railway, said that the condition of the livestock industry must be regarded as an emergency.

In order to secure the benefit of the stock it was most essential that the railway industry secure a measure of support at this time. He wished, however, to have the assurance of the railway commission that any concession made by the livestock men should not be regarded as a precedent for any other reduction in rates.

Following the suggestion that the livestock men should be called upon to make a formal application to the railway commission, Mr. Langton said that a formal application would be made within a week.

Robert McKay, K.C., for the Railway Commission, said that the commission would be called upon to make a formal application to the railway commission, Mr. Langton said that a formal application would be made within a week.
